USER EXPERIENCE

ViewPoint Xpress meeting rooms drive positive business outcomes by creating predictable technology-enabled meeting room experiences. Rock-solid design coupled with professional deployment methods, plus 24x7 help-desk support make Diversified ViewPoint rooms the flagship solution for enterprise customers seeking global technology standards for audio visual systems.

Xpress Logitech Teams or Zoom – Rally Bar

- Room Size: 7-12 Person
- Functionality: Presentation + Audio + Video Collaboration
- Collaboration Platform: Microsoft Teams

PRESENTATION ONLY MODE

The presenter will see a Touch Screen on the Table and a single Display mounted on the wall. The user will have the ability to Share Content via an HDMI Cable at the Table.

1. Plug User device into the HDMI Cable at the Table
2. Tap the "Present" icon on the screen

PRESENTATION + AUDIO CONFERENCING + VIDEO COLLABORATION MODE

To Start, Join or Create a Microsoft Teams or Zoom Call tap the associated Icon on the Tabletop Touch Screen.

- "New Meeting" icon will allow you to Create a new Meeting
- "Join" icon will allow you to Join a scheduled meeting listed on the Touch Panel
- "Dial Pad" icon will allow you to manual dial out to an internal or external phone number, this feature requires special licensing with either platform.

INCLUDED

- Hardware, software, cables, mounts, delivery, system programming and testing
