*Costs may vary by region and building. Pricing does not include location specific taxes, travel to site, union labor rates or decommissioning of the existing AV equipment.

Please note that any modifications to the tables, wall, or floors to accommodate AV table cubbies, wall boxes or over the floor raceway will need to be coordinated with your general contractor or furniture partner. Costs for these modifications are not included in this estimate.

ROOM REQUIREMENTS

To install this solution, the room must have the following infrastructure in place.

- A dedicated power outlet at the specified display location
- A network connection at the same display location
    - Contact your Diversified Account Executive for pricing on this part.
- Structural wall support to hold the display and components
- The ability to mount small equipment to the underside of the table

AVERAGE DELIVERY TIME | 4-8 WEEKS

NEXT STEPS

A Diversified subject matter expert will contact you to:

- Collect more information to ensure that the packaged solution is compatible with the room(s) and furniture
- Understand the timeline in which you want the work completed
- Learn about the other stakeholders involved in the implementation
- Potentially schedule a site visit to coordinate details
- Provide a final estimate based on the information gathered
